

NO STAMPEDE

In Iron After the Sensational Developments of Last Week.

LARGE STEEL PRODUCERS

Have Signified No Intention of Establishing a New Price for Billets. Seen a Good Export Trade.

CLEVELAND, O., April 26.—The Iron Trade Review says:

The iron trade has not been stamped after the Wall street fashion by the sensational developments of last week. The announcement concerning over-production in wire products and the order for the closing of some of the American Steel and Wire Company's mills have been followed by sharp reductions in the prices of that company, wire nails being lowered \$1 a keg or to \$2.20, Pittsburgh mill to the jobbing trade and \$2.35, Pittsburgh to the retail trade in car load lots. The fact that wire nails had advanced more rapidly and to a higher point relatively than other products accounts for a portion of the reduction.

Large Reduction in Price of Billets.

That it was calculated to be sweeping enough to carry with it a large reduction in the price of billets is another consideration. Still another is the fact that competition is beginning to show itself in the wire trade. An Ohio concern with connected rod mill, steel plant and blast furnaces and the newly started Birmingham, Ala., plant have between them capacity sufficient to be felt in a waiting market. Thus far there is no action by the large steel producers nor any statement from them indicating the establishment of a new price for billets. Transactions are few and small, and \$32 to \$32.50 Pittsburgh represents the market. Since any change of the steel basis will involve Bessemer pig iron also further developments in finished materials may be awaited to better gauge consumption. The iron trade in general has done little in the past week. The average buyer considered that a time of excitement and questioning of the outcome was not a time to go into the market. It is impossible as yet to measure the effect of the happenings in American Steel and Wire Company affairs on other departments of the trade.

Several Noteworthy Transactions.

No revision is made of the views of authorities in the trade recorded last week, that consumption is sustained in a remarkable way considering the general expectation of lower prices. In the past week with trade at a standstill in so many lines, there have been several noteworthy transactions. Southern furnaces have closed export orders for 70,000 to 75,000 tons of foundry and forge irons—25,000 tons being taken by the Tennessee Company, 23,000 tons by the Virginia Coal, Iron and Coke Company, 15,000 tons by the Bloss-Shield Steel and Iron Company, and the balance by the Republican Iron and Steel Company, for shipment from its pioneer furnaces. The American Steel Hoop Company has sold a large lot of skelp, also for foreign shipments. Other negotiations in export trade are under way which are expected to develop in an important way a little later.

KEYSER NOTES.

Business Prospering and Many New Works Going Up.

Special Correspondence of Intelligencer. KEYSER, W. Va., April 25.—The Keyser Box and Door factory was recently started by Philadelphia and New York capitalists, after carefully investigating locations in six states. This concern has increased its capacity a number of times, and now work one hundred men.

Richardson Bros. & Co. have just increased the capacity of their furniture factory fifty per cent., employing fifty men.

Knight & Purgett have just bought up-to-date machinery for their brick-making plant, and will install it early in May. Besides this there is one other brick factory running.

The Standard Lime and Stone Company is just completing, and will have ready for operation within two or three weeks one of the finest stone crushing plants along the Baltimore & Ohio. It will work one hundred and fifty men, utilizing every particle of stone taken out of the mountain of stone two hundred feet high and covering twelve acres, which they purchased from Judge Alkire. The company is composed of Baltimore capitalists.

Large improvements in the Baltimore & Ohio shops are contemplated, al-

though the plant here is very complete, manufacturing cars from the ground up. Three hundred men are worked in the car building and repair shops of the Baltimore & Ohio. The Keyser Electric Light Company has a splendid new plant, using two engines of 250 horse power. Cheap lights are afforded and the service is eminently satisfactory. Iron ore of a superior quality, in practically inexhaustible quantities, is to be found within half a mile of the town. This ore was formerly worked in paying quantities and there is a fine opportunity for the development of this important industry. The ore is easily accessible and yields a large per cent. of iron. Limestone of the best quality and easily worked is found at the very door of the town in vast quantities. Timber, especially adapted to all kinds of building purposes, and for manufacturing furniture, wagons, farm implements, paper, cars and everything of this character, is found nearby in inexhaustible quantities, the greatest lumber region in the state being that developed by the West Virginia Central & Pittsburgh railway, being less than fifty miles away.

AMERICAN CAPITAL.

Will Open Anew the Cuban Railway System—Many Men of Wealth Interested in the Project.

NEW YORK, April 26.—Representative American capital has been enlisted in a scheme for the rehabilitation and development of the railway system of Cuba. A newly formed corporation, the Cuba company, is to undertake this work, and although its existence is chiefly due to the labors and enthusiasm of a Canadian, Sir William Van Horne, William C. Whitney and other prominent members of the Whitney syndicate, ex-Governor Levi P. Morton, John W. Mackay, of the Commercial Cable Company, James J. Hill, the western railway magnate, General Samuel Thomas and other well known American financiers are to employ their brains and money in pushing the project.

The Cuba company has been incorporated in New Jersey, with \$5,000,000 capitalization. There will be a meeting of the promoters to-day in ex-Governor Morton's office and the organization of the company will be perfected. It is thought probable that Sir William Van Horne, who resigned some time ago the presidency of the Canadian Pacific Railroad Company, may be chosen president of the Cuba company. He has spent much time in Cuba in a thorough investigation of the resources and prospects of the island.

Besides the men already mentioned as subscribers the list includes: H. M. Flagler, the Standard Oil magnate; Edward H. Harriman, of the syndicate now in charge of the affairs of the Union Pacific railroad; Thomas M. Ryan, P. A. B. Widener and W. L. Elkins, of the Whitney syndicate; E. J. Berwind, General Grenville M. Dodge, H. Walters, George G. Haven, H. M. Whitney, J. B. Hopkins, William L. Lamm Bull and Charles T. Barnum.

The Cuba company may devote itself in some measure to developing the natural resources of the island of Cuba, but will chiefly attend to developing the Cuban steel railroad.

HAPPY RESULTS

Have Made Many Wheeling Residents Enthusiastic.

No wonder scores of Wheeling citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Wheeling by Doan's Kidney Pills.

John Ritchie, of No. 922 Market street, says: "My back was dreadfully weak and sore, and I had rheumatic pains all through my shoulders and arms. I became so weak at times that I fainted. I was also subject to frequent attacks of vertigo, when everything around me seemed moving. There was distress and weakness in the kidney secretion and I could not better it, although I took lots of medicine. Seeing Doan's Kidney Pills advertised extensively I got a box at the Logan Drug Company's. They helped me at once and finally cured me."

For sale by all dealers, price 50 cents per box. Foster-Milburn Co., send by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

PARSONS' PULP MILL

A Sure Thing, and Work Will be Commenced at Once.

Special Dispatch to the Intelligencer.

PARSONS, W. Va., April 26.—"The Parsons Pulp and Paper Company" is the name of the new industry to be located here, and it is now a sure thing. The company has bought the land on which to locate their plant, for which it paid \$4,500. The site is the L. D. Carrick farm, on which is the Carrick Ford battle ground, where General Garrett was killed during the civil war. The plant will be located right on the edge of the field, where then the bullets flew thick and fast.

The company are buying their machinery and will commence work on the erection of their plant at once and rush it to completion as fast as possible. They will employ from 125 to 150 men. The plant will cost in the neighborhood of \$150,000. The incorporators are R. F. Whitmer, Martin Lane, Robt. Roe, Jr., LeRoy Harvey. Mr. Roe was recently employed by the West Virginia Pulp and Paper Company at their large plant in Covington, Va., as superintendent, and will be superintendent of the plant here. His experience makes him a valuable man.

MOUNTAIN LAKE PARK.

Many Preparing to Spend the Summer at the Famous Resort.

Special Correspondence of Intelligencer.

MOUNTAIN LAKE PARK, Md., April 25.—Dr. J. G. McClain and wife, of Wheeling, are enjoying a week's visit to the Park. The doctor is arranging his cottage and surroundings for the summer.

Mrs. Dr. A. B. Hall has rented the Virginia home, two cottages on I street, for the summer. Mrs. John W. Thorn has rented the Voder, H street, house. E. W. Williams and wife were visitors at the Park the early part of the week. The foregoing were all from Clarkburg, W. Va.

G. W. Swisher, of Fairmont, has rented the Mick cottage, and with his family will occupy it early in June.

Mrs. Ella Mick, of Buckhannon, has purchased the Clark cottage; consideration, \$800.

Mrs. D. T. Knappenberg, of Jeanette, Pa., purchased a cottage on E street last week; consideration, \$500.

Mrs. List sold the furniture in Loch Lynn Heights hotel last week to Borden & Brown. They are selling it off at private sale. Everybody regrets the taking out of the hotel of all the furniture. The hotel will not be open this summer. The building association is in the hands of receivers, hence are not

Swift and Company

Chicago Kansas City Omaha
St. Louis St. Joseph 1904 St. Paul

able to do anything towards leasing the building.

The strikers at the Davis mines, near Piedmont, have gone to work again. Also the miners at Bloomington. The Baltimore & Ohio are hauling a large number of cars from Piedmont east. A solid train or two of coal cars passed here yesterday.

Work on the new tabernacle will be resumed next Monday. The contractor is bringing with him a large force of men and will push the work to completion.

An experienced Washington City hotel man has rented the Hotel Bennett for the summer. He will run it in connection with his city hotel.

Hon. T. E. Davis was here Monday. Mr. Davis is very sanguine of the success of the Republican party in West Virginia this fall.

Reply to Mr. Eden.

To the Editor of the Intelligencer.

SIR:—I saw a notice in your paper of the 26th inst. from the country preacher. He returned from the country on the 24th, and arranged some untruths for publication, which I wish to correct.

First, in regard to the rent that he referred to. He was not to pay rent; but he and his wife were to see after the preparing of the meals for the travelers, and to serve the same to the travelers. For this labor or service they were to have their meals and rooms, which they received and enjoyed for one month, and I hold the article of agreement to that effect. But at the expiration of the first month he refused to do said labor or to allow his wife to do said labor, and said that he could not apply himself to such work, but if there were some rooms built at the mission in which he could live, that he would pay rent for the same. The rooms were built and he took possession of them, but he has failed to pay his rent up to this date and other debts which he contracted with the manager of the mission. This I would not have mentioned but he said that he paid rent. He agreed to do so, and I wish he would come and settle up.

I thought after the good people gave him about one hundred dollars in cash and other goods, that he would make some settlement, but he has not done so yet. He deserves great credit for that spell of nervous prostration which paid about one hundred dollars. If nervous prostration would pay me one hundred dollars for a few days, I say let it come, and he might have another spell, too.

Mr. Eden desired full control of the audience room, in order that he might effect a congregation of the same faith that he was himself, but after he failed in his project he wanted a place to get out of the scheme he undertook, and he wants to say that it was the influence of the mission.

Let me say that the worst crime or act that ever occurred in the mission, that he, with others, was in it. I hope that he will not have to bring this before the public. Let me say that that was something over which I had no control. He speaks something about Mr. Hearne and myself. Let me say that as far as I know Mr. Hearne and I are on good terms; if there was any difference between us, it is a thing of the past. But he is trying to get people to aid him and so calls on the ministers of the Methodist Episcopal church. He wants them to know that I do not believe in their doctrine. So he says, Let me say on this point, that I was converted in a Methodist meeting twenty-three years ago, under the labors of Rev. L. L. Steward. Let me say that I am a believer in regeneration and the fatherhood of God and the brotherhood of Christ. He speaks something about the presiding elder of the Methodist Episcopal church. Let me say if there is any difference between the presiding elder and myself, that we can adjust that without his assistance. He states that I am not a connected man, and that I am not a holy man. I don't curse my wife, nor take nervous prostration money, and if holy men do these, I don't want holiness. I have spent twenty-two years in mission work and have seen and heard all sorts of evasions.

B. C. HARTLEBAUGH,
Pastor of the Bethel Mission.

GUILTY OF AN ATTEMPT TO ASSAULT.

Special Dispatch to the Intelligencer.

MARTINSBURG, W. Va., April 25.—In the case of the state vs. Theodore, alias "Red" Furley, tried in the county court to-day, on the charge of committing a criminal assault upon Mrs. Sarah Bowers, in this county, the jury rendered a verdict of guilty of an attempt to commit an assault. The punishment in such cases is from three to five years in the state penitentiary.

AMUSEMENTS.

George H. Broadhurst's latest farcical effusion, "Why Smith Left Home," will be the attraction at the Opera House, to-night. The management has supplied the production with a cast that will compare with anything seen in this city in similar work. It includes such clever players as Ben F. Grinnell, Eugene Redding, C. Jay Williams, Gilbert Gardner, Nellie Maskell, Frederick Roberts, Lottie Williams Salter, Jennie Engle, Rose Hubbard, Belle Chamberlain, Lizzie May Ulmer and Charlotte Love. Mr. Broadhurst has increased the visible supply of innocent fun by his "Why Smith Left Home." The story is one of domestic infelicity, with a newly married couple as the central figures, and a troupe of aunts, uncles, brothers, sisters and sisters-in-law, who persist in visiting them, as exciting causes. A grim and somewhat dictatorial cook, an old gallant and German count, who makes love to Smith's wife under the impression that she is his sister, complete the roster of the principal characters. There is no mistaking the humor of "Why Smith Left Home," its jokes being pointed and barbed, and one cannot misunderstand their meaning. The mother-in-law question is handled without gloves, and the satire of the "Cook Lady" Union is very amusing. Those who like clean-cut comedy with plenty of sharp whip-like dialogue, but no vulgarity, will find what they want in "Why Smith Left Home."

Fanny Rice.

That delightful comedienne, Fanny Rice, assisted by her excellent company, will appear in her charming triple bill performances of the delightful Rosina Vokes plays. This promises to be one of the real theatrical treats of the season, for Fanny Rice is comedienne in the sense that Nat C. Goodwin and Sol Smith are comedians. There is nothing of the song and dance soubrette flavor about her or her acting. "Trifles make perfection" is her motto, and no better proof of Fanny Rice's ability as a comedienne could be asked for than the fact that she was selected by Joseph Jefferson as one of the ten representative American stars to make up that famous all-star cast for the production of "The Rivals," in which she was associated with Joseph Jefferson, Nat Goodwin, Mrs. John Drew, Julia Marlowe, Robert Tabor, Francis Wilson and the Hollands. It was a tribute to her genius. Mr. Jefferson declares she is one of the very few legitimately funny women on the stage. Opera House, Tuesday night, May 1.

In Clerk Robertson's Office.

Yesterday, in Clerk Robertson's office, the following were recorded:

Deed made April 4, 1895, by Margaret A. Jaquary and Burgella G. Jaquary to the West Virginia Savings & Building Association; consideration, \$2; transfers lots 89 and 90 in Belvidere.

Deed made April 1, 1895, by J. H. Cain to the West Virginia Savings & Building Association; consideration, \$150; transfers lot 139 in Belvidere.

Deed made April 4, 1895, by Mary Jane and Samuel R. Jaquary to West Virginia Savings & Building Association; consideration, \$2; transfers lots 87 and 88 in Belvidere.

Deed made April 26, 1900, by Mary Hollingshead to C. W. Kreiter; consideration, \$3,600; transfers part of lot 11, in square 11, of Joseph Caldwell's addition.

Deed made April 20, 1900, by Mary and James McCauliff to Louis A. Say; consideration, \$1,725; transfers lot 29, in square 19, of Sprigg & Ritchie's addition.

Deed made April 25, 1900, by Susan S. Britt, widow, to Louis J. Wirtsburger; consideration, \$1,089; transfers part of lot 22 in East Wheeling, south side of Nineteenth street.

Three deeds of trust were recorded.

DEER WENT OVER THE FALLS.

Standing on a Cake of Ice the Deer Safely Made a Perilous Plunge.

Boston Herald: This seems an improbable game story, but it is vouched for by Fish and Game Commissioner Henry O. Stanley, of Maine, who was in the city yesterday.

One day last week he and his colleague, L. T. Carleton, and P. O. Vickery, of Augusta, Me., were in a clubhouse in that city that overlooks the Kennebec. The room they were in afforded a good view of the dam and water pouring over it. The gentlemen were admiring the scene, the waters rushing madly over the rapids loaded with huge cakes of ice. The ice was just leaving the river above, and was bringing down all sorts of debris, including mighty sawlogs that would have made the plunge of twenty feet over the dam, down through the undertow and up and on again through the quarter mile of rapids.

All at once they saw a live deer, standing trembling on a cake of ice. Rapidly he approached the falls. He seemed to gather himself for a final plunge for life. The gentlemen watching saw destruction coming to a powerless buck, and were powerless to hinder. They held their breaths for the final plunge. The great cake of ice rolled up, as the lower edge tipped over the mighty cascade, but the deer stood his ground.

He went under the water below the dam. He could not be seen for quite a distance down, and the gentlemen watched for his dead body to come to the surface. But he appeared after a moment of great suspense, alive, and immediately swam bravely for the shore. He reached the bank on the other side and quickly scrambled up, then bounded over the fence and disappeared in the fields beyond, going rapidly for the woods.

Surprise in Coos County.

Portland Oregonian: A Coos county man last Sunday picked some ripe wild raspberries not far from Marshfield, the earliest ever known in that county.

A Thousand Tongues.

Could not express the rapture of Annie E. Spang, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon relieved the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will everyone who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Trial, 50c and \$1.00. Trial bottles free at Logan Drug Co.'s drug store; every bottle guaranteed.—6.

If Baby Is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gum, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle. mw&t

HEADACHE

is only a symptom—not a disease. So are Backache, Nervousness, Dizziness and the Blues. They all come from an unhealthy state of the men-strual organs. If you suffer from any of these symptoms—if you feel tired and languid in the morning and wish you could lie in bed another hour or two—if there is a bad taste—in the mouth, and no appetite—if there is pain in the side, back or abdomen—BRADFELD'S FEMALE REGULATOR will bring about a sure cure. The doctor may call your trouble some high-sounding Latin name, but never mind the name. The trouble is in the men-strual organs, and Bradfield's Female Regulator will restore you to health and regulate the menses like clockwork.

Sold by druggists for 5c a bottle. A free illustrated book will be sent to any woman (if request is mailed to THE BRADFELD REGULATOR CO., ATLANTA, GA.)
